

Job Opening: Maintenance & Refrigeration Technician

Role Overview:

Join our team as a Maintenance & Refrigeration Technician! Oversee all aspects of refrigeration system maintenance, from installation to repair. Handle plumbing, electrical, and gas services, ensuring customer satisfaction and safety.

Key Responsibilities:

- Diagnose and repair supermarket refrigeration systems.
- Perform routine and preventive maintenance.
- Maintain inventory and upgrade systems as needed.
- Respond to emergency calls 24/7 on a rotational basis.

Qualifications:

- 10+ years of commercial refrigeration experience (supermarket preferred).
- Strong HVAC skills.
- High School Diploma/Equivalent or 5+ years of experience.
- Knowledge of ULTRASITE E2 controller CPC and Hussmann rack systems.

Why Join Us?

- Competitive salary and benefits.
- Dynamic and supportive work environment.
- Opportunity for growth and development.
